Attendance Hotline

When your child is not in school, please call the school office at 916-771-1780, the morning of the absence, press 1 and leave a message, available 24-hours a day.

A Message from Mrs. Patrick

School is in full swing as we enter the fourth week of school. As you know, our 3rd through 5th grade students participated in computer based state assessments last year (CAASPP— California Assessment of Student Performance and Progress). These will be mailed home. I thought it would be beneficial to provide you with some parent resources for you to understand the system and to also be able to understand where your student is with his/her test scores. These tools are on our school website under **Parent Resources for CAASPP**. If you have any questions please feel free to contact me at 916-771-1780 ext 6 or mpatrick@rcsdk8.org.

We have several companies offering fee based opportunities for students after school this year. Young Rembrandts Art, Discover Dance, Intellibricks, HoneyCode, Chess Academy, and Mad Science classes. We are attaching their flyers in this newsletter.

We would like to remind parents that for pick up and drop off you may walk your student to the gate and then say goodbye. We ask that parents not come onto the playground area as we do have staff on duty providing necessary supervision to make sure the students are safe. If you have any concerns or questions, please feel free to contact the principal, Mary Patrick at 916-771-1780. We do welcome parents to have lunch with their student in the cafeteria, just sign in at the office when you come on campus.

LIBRARY TIME

Students are enjoying a weekly visit to the library. Be sure to ask your student what they are doing in the library and what book they checked out and are reading.

The character trait for September is

COMPASSION!

Students are learning how to step into someone else's shoes, be aware of others' feelings and wanting to help.

Examples of compassion are forgiving someone who accidentally hurts you, or making a new student feel accepted. Talk to your child about how they showed compassion today!

LEGO® ROBOTICS HERO HELPER BOTS WITH WEDO 2.0

Our lives would be much more difficult without the use machines that help our communities! Join us for an exciting class where we will build working models of machines like garbage trucks, snow plows, sea cleaners, flood gates, and more. Students will then use the new Lego® Robotics WeDo 2.0 built on the next generation science standards using blue tooth technology! Children will build motorized Lego® models with this sophisticated technology and also learn how their robots communicate with the environment using a variety of sensors. Children will learn programming in an intuitive way – allowing students to bring their creations to life while sharpening computational thinking skills.

LEGO® ROBOTICS MARINE BOTS

Build a submarine or a crab boat, sea lion or a sea gull in our Lego® Robotics Marine Bots class! In this class, kids explore marine animals and machines while building working models with their favorite, medium LEGOs®. Students will also program the models to give life to their creations while learning concepts like tilt sensors, motion sensors, pulleys, gears, rack and pinions, and more.

(Please note: IntelliBricks will provide all LEGO® and touch screen computers for the class. Children cannot take home any of their creations or LEGO® products. LEGO® group of companies does not sponsor, authorize or endorse any of our programs.)

5% off multiple registrations and sibling discount!

Installation plans available for payment!
