Attendance Hotline

When your child is not in school, please call the school office at 916-771-1780, the morning of the absence, press 1 and leave a message, available 24-hours a day.

A Message from Mrs. Patrick

Our students are settling into a routine of learning, achieving and continuing to make Catheryn Gates School a great place to learn. Part of our success is due to the families who have partnered with Gates' School to make our students successful learners. You are appreciated and your support does not go unnoticed! Let's continue the quest to make this another great year.

Volunteer Information:

Parents who are interested in volunteering at a school site or attending field trips must be fingerprinted and complete a risk assessment for TB. If you are interested in volunteering at Gates in the classroom or on a field trip and have not been fingerprinted for the Roseville City School District, please stop by our office for a volunteer packet with the needed forms. You can also find the volunteer information and forms on the district web site at rcsdk8.org, click on Parents, then Volunteer Policy.

Parking Lot Standards:

Yes, our parking lot is a discombobulated mass of cars and kids at the end of the day! With about 550 students all dismissed at the same time a crowd is expected, but the good news is we are cleared out in less than 10 minutes. The not so good news is that it only takes a few misguided drivers to slow the entire process down, or worst, make dismissal unsafe. To ensure the safety of all our students, please adhere to the following guidelines so you can be part of the solution in keeping our children safe:

- Follow the Crossing Guards' instructions and yield to the pedestrians.
- When walking, use the crosswalk and the sidewalks when entering or leaving campus.
- Park ONLY in a designated parking spot or on the school side of Trehowell Drive.
- Form a single line in the LARGE LOOP and continue to move forward as the line progresses. **Do not leave your car unattended for any reason.**
- Use the SMALL LOOP only if you have a kindergarten or 1st grade student. Form a single line and continue to move forward as the line progresses. **Do not leave your car unattended for any reason.**
- Do not use the staff parking lot to pick up/drop off or wait for your child. This is a bus stop zone for our severely handicapped students.
- Obey the signs: Right turns only, do not stop in the loading zone.
- Teach your child to enter and exit your car on the curb side out of the way of traffic.
- Turn off your cell phone.
- Keep your speed at a safe minimum. There have been complaints of speeding from our neighbors. When parking in the neighborhood do not block driveways or park in them.
- Arrange for an exit plan and have your child meet you at a designated area on a daily basis.
- Remind your child to wear a helmet when riding a bike or scooter to school.
- Pick your child up on time. We still have students left up to 30 minutes after the bell.
- Have a plan with your child about pick up BEFORE they come to school.

We thank you for your continued assistance with this and keeping all students safe!

LEGO® ROBOTICS HERO HELPER BOTS WITH WEDO 2.0

Our lives would be much more difficult without the use machines that help our communities! Join us for an exciting class where we will build working models of machines like garbage trucks, snow plows, sea cleaners, flood gates, and more. Students will then use the new Lego® Robotics WeDo 2.0 built on the next generation science standards using blue tooth technology! Children will build motorized Lego® models with this sophisticated technology and also learn how their robots communicate with the environment using a variety of sensors. Children will learn programming in an intuitive way – allowing students to bring their creations to life while sharpening computational thinking skills.

LEGO® ROBOTICS MARINE BOTS

Build a submarine or a crab boat, sea lion or a sea gull in our Lego® Robotics Marine Bots class! In this class, kids explore marine animals and machines while building working models with their favorite, medium LEGOs®. Students will also program the models to give life to their creations while learning concepts like tilt sensors, motion sensors, pulleys, gears, rack and pinions, and more.

(Please note: IntelliBricks will provide all LEGO® and touch screen computers for the class. Children cannot take home any of their creations or LEGO® products. LEGO® group of companies does not sponsor, authorize or endorse any of our programs.)

5% off multiple registrations and sibling discount!

Installation plans available for payment!
