2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Catheryn Gates Elementary School opened in the Fall of 1999 on a temporary campus serving K-6 grade students. Our permanent campus officially opened its doors in the fall of 2000. We currently serve approximately 400 children in grades Transitional Kindergarten through 5th grade. Our school is named in honor of Miss Catheryn Gates, a long-time teacher in Roseville City School District.

Mission Statement

The purpose of our school is to provide an outstanding educational environment for all of our students.

School Vision

Provide success in all directions for every child with:

High standards and accountability

Academic and character development

School, family, and community partnerships

Our statement of behavioral purpose is as follows:

At Catheryn Gates Elementary, we believe all students are able to demonstrate positive behaviors, social competence, and high levels of success when supported by a positive school culture. Our staff is dedicated to creating an environment where all students feel safe and maintaining a balance of social, emotional, behavioral, and academic growth.

Our school-wide expectations are as follows:

Give Respect

Problem Solve

Stay Safe

Our teaching practices at Catheryn Gates Elementary School reflect a balanced curriculum devoted to reading, writing, math, science, and physical education per implementation of the current California State Standards. District instructional standards support these high expectations. Ongoing assessments help students, parents, and teachers monitor success and adjust instruction as needed.

2025-26 School Description and Mission Statement

Providing an outstanding education and learning environment for all our students is the mission of our school. It is our firm belief that in order for us to be successful in our endeavor, we must be in partnership with our students, parents and community. We look forward to building positive and productive relationships with our students.

- We will:
- Differentiate instruction to meet each child’s needs
 - Communicate with students’ families (classroom and whole school)
 - Adhere to and progress monitor our district aligned school goals
 - Continue to work in PLCs to collaborate, make data-based decisions, and grow professionally in order to maximize student learning
 - Have positive attitudes and be problem solvers
 - Have a student-centered mindset
 - Be committed to student achievement, collaboration and providing intervention as needed, including analyzing data and progress monitoring

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Roseville City Elementary held a public hearing on September 25, 2025, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

General

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the Maintenance Office.

Maintenance and Repairs:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District annually inspects wheelchair lifts, tests fire extinguishers, inspects and services all playground backboards, replaces bark on playgrounds and landscaping, and services HVAC units.

School Facility Repair Status:

Overall Summary of School Facilities-Exemplary

School Facility Conditions and Planned Improvements

The inspection included a check of possible gas leaks, mechanical systems, interior and exterior doors and windows, interior surface areas, structural damage, electrical, playground equipment, and hazardous materials. In all areas this school passed inspection.

Cleaning Process and Schedule:

The District has adopted cleaning standards for all schools in the District. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget:

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repairs or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Since 2008-2009 the State has suspended the program due to State Budget Reductions. The District still maintains its own program.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

2025-26 Opportunities for Parental Involvement
<p>We are very grateful to the many parents who generously donate their time to either volunteer and/or coordinate activities. Our parents are also involved in a variety of leadership and support roles at our school, which currently include these options: Parent Teacher Club (PTC), School Site Council (SSC), English Language Advisory Committee (ELAC) members, and Positive Behavior interventions and Supports (PBIS). We also invite parent volunteers on our campus for our Art Docent Program, classroom support, library support, and special events/projects. Our PTC adds to our weekly parent communication to further update parents on avenues of involvement, and the PTC also maintains both a Gates PTC Facebook page and Instagram account to keep parents informed. The staff, students, and community of Gates Elementary School recognize that parents are the foundation for successful student achievement and their involvement on our campus increases the success for all students. To learn more about parent involvement opportunities please call our school office at (916) 771-1780.</p>

2025-26 School Safety Plan

The school has a comprehensive safety plan that is updated annually and approved by Gates' School Site Council. The school site regularly practices evacuation and lockdown drills. The Plan for the 2025-26 school year was reviewed, updated, and discussed with school staff on August 5, 2025. This plan was reviewed and approved by the Gates School Site Council on November 12, 2025, and will be submitted for final approval by the Roseville City School Board in February 2026. The Roseville City School District has developed a Crisis Response Plan that outlines the procedures to be followed in the event of an emergency affecting a school site. The plan outlines procedures for coordinating resources to respond to various emergencies, including natural disasters, environmental health issues, accidents, and intruders. Staff have been assigned roles and trained to work efficiently with each other and with other public service officers to ensure the safety of students and staff.

Professional Development

In alignment with the Roseville City School District's board goals, the Professional Development Advisory Committee (PDAC) developed a comprehensive three-year professional development plan for the District. Staff participate in four districtwide professional development days that include both district and site-based sessions focused on advancing site goals within the district's overall priorities.

Other areas of professional development at Catheryn Gates include: Data Analysis for targeted instruction, Restorative Practices, Positive Behavior Interventions and Supports, Tier 1 Instruction, and Professional Learning Communities (Wednesday PLC schedule) in support of the district focus and development.

This table displays the number of school days dedicated to staff development and continuous improvement.
