Getting Involved Makes a Difference

You are probably asking, O.K. what am I getting myself into? We are all busy parents with mounds of other commitments, so here's the deal. We understand that things come up unexpectedly, because we have been there. So don't be afraid to sign up to volunteer, we are a forgiving group of people and are all willing to fill in when needed. We would be grateful for whatever time you can offer, even if it is just an hour at home to staple papers. Along with providing valuable services to our school, we always manage to have a great time!

Below are the main categories in which we need help. **Please circle your choice(s).** Any special skills or talents you would be willing to share? Please make a note at the bottom of the form.

***We look forward to working with you to keep
Catheryn Gates an outstanding school.***

Thank you, your PTC Executive Board.
